How God Created Everything

Slide: Welcome

(Start kid's countdown once all classes are present.)

Hey kids! Welcome to Kid's Church. I'm so glad you could be here today.

Slide: Series Intro

Before we get started today, let's take a few minutes to answer a few questions to get us warmed up. What's the funniest looking animal to you? (allow kids to answer). Good. What's the fastest animal in the whole world? (allow kids to answer). Where is the prettiest place to go on vacation? (allow kids to answer). Those are some beautiful places. Did you know that God created every single one of the things you mentioned? He did! God created everything in the whole universe. He made the beautiful flowers that smell so good and he created the fast and the funny looking animals. And, he also created some special things that he loves more than anything.

We'll talk about that some more in a few minutes. But first, let's stand and sing a song together.

Song

You are God

Good job! I think God loves hearing all your voices praising him! Now let's say our Big Idea together.

All together:

The best thing God made was you and me. (Repeat)

Slide: Recap

So, what did we learn from the video today? Let's review...

- How did God create something? (Spoke it)
- How many days did it take for God to create everything? (6 days)

- True or False: We are God's special creation. (T)

Have you ever thought about how complicated and unique we are as people. Think about how our eyes work or that our heart beats and we don't even have to think about it. God took great care when he created us. Not only that, he makes each person as their own unique person. There is no-one else out there who is exactly like you! That just shows how special we are to God that he doesn't make duplicates! There is one more thing that makes us God's most special creation and we see it mentioned in our memory verse.

Let's all stand and say it together.

Slide: Memory Verse

"So God (point up) created human beings (point out to others) in his own image (hands on hips). Genesis 1:27 *(Repeat)*

This verse says that we're made in God's image. That may sound weird that we are made to look like God. That's not what it means. It means that God created us with the ability to relate to him like a friend. He created us with the ability to have a relationship with him where we can talk to him, learn from him and enjoy all that he has created. This makes us different than a zebra or a tree. Only people are capable of having a relationship with God. That's why we're special.

So, kids, remember how awesome and creative God is and remember that he created everything in the whole world, even you and me!

Now let's all stand and sing one last song together.

Song

We are your people

Okay, let's all say the Big Idea together one last time!
