Lesson Overview

In today's lesson, we're going to talk about responsibility. Maybe you've heard your parents or teachers use that word when you forgot to do your homework or you left your backpack at the park. Being responsible means that you are in charge of your own actions and stuff. Now, when you were babies, your parents didn't tell you to be responsible. You were just a baby! You couldn't talk or walk or do anything for yourself. But, as you've gotten older, you've learned to be more in charge of yourself. You've learned to brush your own teeth, make your bed, put your toys away and get your homework done. Doing those things have taught you responsibility. But, being responsible isn't just about how you take care of your stuff. Responsibility is also about how you choose to act. God wants you to take charge of your behavior, too. He wants you to be obedient, kind, forgiving and helpful. But you have to choose to do those things. And, if you don't take responsibility for your actions, you'll make bad choices and get into trouble. Kids, learn how to be responsible as you grow up. Take care of your stuff and take care of your actions and life will go well for you!

Big Idea

Responsibility is about taking care of your own stuff.

Key Question

What happens when we're irresponsible?

Memory Verse

Galatians 6:5 "For we are each responsible for our own conduct."

Classroom Agenda

1. (5 min) **Let kids start working on Activity Page #1.**
 2. (5 min) **WARM UP: What can babies do for themselves? What about toddlers? What can you do for yourself?** (Tip: Babies can't do anything and toddlers can do some things as they walk and explore more. As you grow and get smarter, you take on more responsibilities like doing your homework and being kind to friends.)
 3. (5 min) **PREVIEW: Write out the Big Idea, Memory Verse, and Key Question on a whiteboard.** Have the kids copy it down on Activity Page #1 (if applicable).
 4. (20 min) **LARGE GROUP: Gather for songs and videos with other kids.** Then return to class to finish this guide.
 5. (2 min) **RECAP: Read the Lesson Overview (see above).**
 6. (3 min) **KQ: Answer the Key Question.** (Answer: **We make bad choices and get in trouble.** (Being irresponsible is simply the opposite of being responsible. An irresponsible kid will just do whatever they want with no thought about rules or how their actions might affect someone. They won't ever do their homework or chores. They will end up getting in trouble a lot and their parents won't be able to trust them because of their poor choices.))
 - **Bonus Questions:** What is irresponsibility? What are some examples of irresponsible behaviors? **4-5th** Why is it important to learn responsibility as a kid? What happens to irresponsible adults?
 7. (5 min) **EXPLORE: Read 1 Corinthians 13:11. Describe how a toddler thinks. How does an adult act?** (Answer: Toddlers are selfish. They cry and demand things. Adults learn how to be responsible so they can control their emotions and behaviors. If they aren't responsible, they won't have a job, a house or have money to live.)
 8. (10 min) **PLAY: Choose a group activity from Activity Page #2.**
- (5 min) **CLOSE: Share prayer requests and pray as a class.** Encourage kids to use the Family Guide at home with their parents - and remind them to go online to pursueGODkids.org to find this week's lesson video.
